

Watershed Adventures
Scheduling Information

This FREE program has TWO 75-minute presentations given one week apart:

1st presentation: Watershed Explorers- watershed awareness activities

2nd presentation: Watershed Expressions- art lesson taught by an artist

For 4th grade, 3/4 and 4/5 combination classes in Alameda County.

We can present in all of the 4th grade classes at your school; please choose one "contact teacher" who will contact us to schedule all of the presentations for that school.

Each class has a 75-minute presentation in their own classroom during the regular school day.

Presentations are available Mondays thru Thursdays.

We can do a maximum of 3 presentations in one day- two in the AM and one after lunch.

A minimum of 20 minutes is needed between classes so presenters can move from room to room.

Each city in Alameda County has been allotted a limited number of workshops- scheduling is on a first come, first served basis

Presentations available late-October through May.

To schedule presentations, please contact us:

Watershed Adventures Voicemail (925) 371-0154 x 412 (our voicemail is at the Alameda County Conservation Partnership office)

OK to call any time, day or night, messages are checked daily. Be sure to leave the following information:

1. Teacher's name
2. Name of school and city
3. Phone number(s) and best time to reach you

Email: watershedadventures@yahoo.com

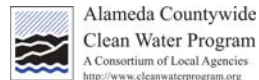

FAX (925) 371-0155

Watershed Adventures is funded and supported by:

Alameda County Flood Control and Water Conservation District
