At the intersections of Hazel Ave, Main Street & Simon St.  
Street Parking only

*Morning Coffee and baked goods, as well as light snacks will be provided throughout the day.*

*A hand-washing station and hand sanitizer will be provided.*

### Mother Earth Knows, but She's Not Tilling

This workshop teaches basic principles and applications for Carbon Farming in an Urban Farm setting. We will get into the core basics of no-till growing & carbon farming for food production and will put all that we learn into action at Hazel garden. We will also touch on polycultures for perennial and annual food production as well.

*Please bring a water bottle, hat, gloves and sturdy shoes.*
